

ENVIRONMENTAL PROGRAMS PRESENTS:

YOUR ENVIRONMENTAL CAREER JOURNEY: HONING YOUR SKILLS AND FINDING YOUR PATH

QUESTIONS TO BE ANSWERED:

- What kinds of careers do environmental majors pursue after college?
- What steps should you take to find your first job or grad program in an environmental field?
- What skills and competencies do you need as you interview for and take on your post-grad position?
- How should you document your experiences throughout college for success in the interview process?
